TRIO TTSW3625 - 36" x 25' DOUBLE SCREW FINE MATERIAL WASHER

Design Feature

- Heavy steel plate construction
- Oil lubricated heavy-duty gear box designed by Weir, capable of up to an 85:1 reduction ratio to achieve low spiral speeds and high torque outputs.
- Sealed oil both lubrication arrangement
- Head-end gear box coupling ensures proper shaft alignment in conjunction with a flexible spider coupling protecting the rotating shaft and gear reducer against variations.
- Replaceable bolted cast white iron wear shoes
- Single or twin shaft configurations
- Rising current feature

Benefit

- Durable and long life
- Large operating service factor resulting in long life cycle
- Easy replacement and protection of heavy wear areas
- Application and product flexibility
- Provides application flexibility when making different sand specifications

Applications

- Classifying of natural sand (removal of unwanted fines)
- Classifying of manufactured sand (removal of unwanted fines)
- Concrete sand, mason sand, filter sand, tee box and bunker sand

Model	TTSW3625
Size (Dia x L)	36" x 25'
Machine Weight	24,860 lbs.
Max Material	3/8"
Power	15 x 2 HP
Capacity	50 – 200 STPH
Water Consumption	1,250 GPM
Speed	10 – 21 RPM

PRICE: fob Mesa, AZ

\$45,335.00

AMS Item 16657 (SN TTSW3625-190). Terms are Net 10 Days after receipt of equipment, subject to prior credit approval. Sales tax is additional and charged at the appropriate rate. Freight is also additional and charged at our actual cost.
