### **POWER SCREEN 5' X 10'**

#### Power Screen 5' x 10' Double Deck

- Support base with springs
- 10 HP TEFC Motor, V-Belt Drive
- Side screens show little wear
- Screen deck good condition
- Screen missing wire cloth clamp nails, tension devices, and bucker up rubber

Screen is mounted on a light duty support under screen hopper. Structure generally poor condition, and was made by a previous owner. Screen can be purchased with or without structure.

Item 16761, used, offered subject to prior order. Terms subject to discussion. Sales tax and freight are additional.
